

MAINLAND TOWERS

📍 Yaba, Lagos

ABOUT MAINLAND TOWERS

Mainland Towers is an architectural masterpiece comprising 12 suspended floors and it seamlessly combines green and smart technologies with contemporary urban living. The building features a total of 36 stunning 1-bedroom apartments, providing young professionals with a cozy living space spanning 50 square meters. Additionally, there are 54 elegant 2-bedroom apartments, showcasing spacious interiors of 103 square meters, and 36 serene 3-bedroom apartments spanning an impressive 178 square meters.

Mainland Towers is designed to provide foreign expatriates and indigenous professionals with global standard apartments as well as guarantee investors and unit owners good rental yield.

The ground floor of Mainland Towers is a captivating space that caters to the diverse needs of its residents. It boasts an inviting café/restaurant covering 60 square meters, a well-equipped gymnasium with changing rooms and toilets spread across 171 square meters, and a hair salon and barbershop exuding elegance within their respective 40 and 50 square meter areas.

The ground floor also features a co-working space with a dedicated meeting room, covering 177.5 square meters, along with a community room spanning 117.4 square meters, fostering a sense of belonging. Other amenities on the ground floor include a daycare facility(67.4 sqm) with an outdoor playground, a convenient laundry room(23.3 sqm), an on-site convenience store covering 70 square meters, and a state-of-the-art CCTV/security room(27 sqm), ensuring residents' safety.

The next three floors (1-3) are dedicated parking lots, ensuring ample parking arrangements for Tower occupants. The parking area features 162 parking spaces, strategically allocated to accommodate the different apartment types. The 3-bedroom apartments come with two parking spaces, while the 2-bedroom and 1-bedroom units are thoughtfully provided with one parking space each. The parking structure also includes accessible parking spaces for individuals with mobility challenges, ensuring easy access to the elevators.

The fourth to twelfth floors houses the prestigious residential areas. Each residence is thoughtfully designed to cater to the discerning needs of our esteemed residents, ensuring an exceptional living experience.

LOCATION AND FACILITIES

The edifice is located at Tobi Lawal, Yaba, Lagos State.

Thriving Tech Ecosystem

Yaba is known as Nigeria's technology hub, attracting many tech startups, entrepreneurs, and investors. This creates a strong demand for residential and commercial spaces, offering lucrative opportunities for real estate developers and investors.

Strategic Location and Connectivity

Yaba's central location provides easy access to major business districts, transportation hubs, and other parts of Lagos. Its proximity to both the Lagos Mainland and the island areas makes it an attractive choice for residential and commercial purposes.

Growing Demand and Limited Supply

With Lagos experiencing rapid population growth, the demand for quality housing and commercial spaces is increasing. Yaba, being a vibrant and sought-after neighborhood, has limited available properties, creating favorable conditions for real estate investments and the potential for property value appreciation and rental income.

Urban Regeneration and Development Projects

Yaba is undergoing significant urban regeneration initiatives led by government and private sector investments. These projects aim to improve infrastructure, attract more businesses, and create a modern and livable environment, offering long-term benefits for real estate investors
